## Black Covenant My Way

"Hiccup, wake up," a voice said. I was happily sound asleep 'til Iwas awakened... by Astrid. "UGGHH... Let me guess, you're gonna tell me to get dressed so we can go to the crater," I said. "H-How did you know?" she asked. I shrugged. I got up, got dressed, and we walked to the crater.

The walk in the forest was great. Whenever you take a step, the patch of grass you stepped on would glow, like the forest was enchanted or something.

We were halfway there when I finally spoke. "I always feel that I'm not a part of the tribe, like I'm not human," I said. I looked at my amulet. "Maybe it's time to see what this has been hiding." I took the amulet off and tossed it on the ground. But, nothing happened. "Hmmm... maybe it wasn't hiding anything," I said. Then, there was a flash of light. And, all of a sudden- I was a night fury! "Whoa... that wasn't expected," I said. Astrid took a step back. "W-What just happened?" she asked. I shrugged. "I don't know, but I think I'll get used to this,"I said.

She just stared at me with WIDE EYES. "Really?" she asked. "Yep," I responded. "I mean, I don't care if I'm like this. It just doesn't worry me."

"Well, you should be worried 'cuz if your dad sees you like this and he doesn't know it's you, you're gonna die," she said. Now MY eyes were wide. I gulped. "...y-yeah I should be worried about this," I responded. It was silent. "So?" Astrid asked. "Are ya gonna put it back on?" I thought for a moment. "Yes," I said,"_but_ I wanna see how dad reacts, OK?" She nodded and picked up the amulet and we

headed back to the village.
